- Annex 34A** Format for Chapter 15 of Ships General Orders

CHAPTER 34**CBRNDC ORDERS****3401. Introduction**

This chapter specifies the recommended format for the CBRNDC chapter of Ships General Orders. The format is to be adapted as necessary to reflect any special equipment, fittings, organisation or procedures in each individual ship. Cross references to the BR 2170 Series should refer to volume and chapter numbers only, not specific paragraph numbers. This will reduce the amendment task for Ships Staff as the BRs are regularly updated.

3402. Ships General Orders

Basic CBRNDC forms Chapter 15 of Ships General Orders in accordance with BRd 9467. The format, at [Annex 34A](#), aims to avoid unnecessary duplication of the BR 2170 Series, although some overlap is necessary to explain the application of CBRNDC in basic terms.

3403. Ships CBRNDC Orders

Ships CBRNDC Orders are sponsored by the Navy Publications and Graphics Organisation (NPGO) and are issued via ship Flotilla Base Staff directly from Navy Command as the lead authority. To date (2016), BRd 2170(7C) (HMS ALBION/HMS BULWARK), BRd 2170(7F) (Type 23), BRd 2170(7H) (HMSML GLEANER), BRd 2170(7I) (HMS CLYDE), BRd 2170(7K) (SVHO), BRd 2170(7L) (HMS PROTECTOR), BRd 2170(7M) (Type 45) and BRd 2170(7P) (Archer Class) Orders have been issued and are available on the Defence Intranet. Currently (2016) work is progressing on BRd 2170(7B) (HMS OCEAN) and BRd 2170(7A) QEC Class. As the completion of the full series of orders will be a long term task, platforms are to continue using the existing CBRNDC Orders in the interim.

a. The publications designated BRd 2170 Volume 7 are as follows:

- (1) **BRd 2170(7A)** Queen Elizabeth Class.
- (2) **BRd 2170(7B)** HMS OCEAN.
- (3) **BRd 2170(7C)** HMS ALBION/HMS BULWARK.
- (4) **BRd 2170(7D)** HUNT Class.
- (5) **BRd 2170(7E)** River Class.
- (6) **BRd 2170(7F)** Type 23.
- (7) **BRd 2170(7G)** SRMH.
- (8) **BRd 2170(7H)** HMSML GLEANER.
- (9) **BRd 2170(7I)** HMS CLYDE.
- (10) **BRd 2170(7J)** HMS SCOTT.

- (11) **BRd 2170(7K)** SVHO.
- (12) **BRd 2170(7L)** HMS PROTECTOR.
- (13) **BRd 2170(7M)** Type 45.
- (14) **BRd 2170(7O)** Sabre/Scimitar Class.
- (15) **BRd 2170(7P)** Archer Class.

b. It is planned to have a generic format for all orders with variations and additions added in the form of annexes to reflect non-standard equipment or manning (eg ships without built-in collective protection or large numbers of embarked forces).

c. The layout of pages and paragraphs will be in standard 'BR 2170' format. Where possible check lists, standard operating procedures, route cards, etc will be included as annexes to the related chapters, to facilitate duplication for users/operators.

d. A 'Proposals for Change' facility will be provided in each publication to provide input and future improvements to the individual orders after initial issue to ships. These changes are to be forwarded through the usual administrative channels for approval prior to inclusion into the publication.
